# CASE STUDY

Level 7 Educational Testing and  
Access Arrangements Certificate

### Profile

- Name: Noelle
- Location: United Kingdom
- Current Job Title: Literacy Support Teacher
- Secondary School

### Background

As a Literacy Support Teacher, Noelle identified a requirement to conduct assessments for Access Arrangements at her school. Yet, given her busy professional and personal life, the absence of a prior psychometric test experience and concerns about time management posed challenges.

### Why the Level 7 ETAAC course?

Learning about the ETAAC course from a staff member who had successfully completed the CCET, Noelle felt a connection to Education Elephant, mainly due to its base in Ireland. One major obstacle that almost deterred Noelle from enrolling was awaiting approval for course fees from the school's finance department.

### The Experience

Noelle's experience with the ETAAC course was largely positive. The flexibility of the online format allowed her to progress at her pace, accommodating her apprehensions about managing time effectively.

### Conclusion

Noelle's story showcases the importance of tailored educational courses that cater to the specific needs of educators. The ability to manage course requirements amidst a busy life is crucial. While Noelle benefitted greatly from the self-paced nature of the ETAAC course, her feedback underscores the potential advantages of integrating live interactions for a more holistic learning experience.
